

2014-1 Student Representative Application

1. Name : EKO SOLANGE ENJEMA

2. Current Semester : 3rd

3. Nationality : Cameroonian

4. Department : NGO

5. Motivation and plan

I am honoured to tender my application for student representative for the NGO department for the 2014 Fall semester. I have had dreams ever since I came into this noble citadel of learning considering some visible loopholes which if filled adequately, will make our Graduate school a complete institute (academically, socially and culturally). I believe in myself owing to previous achievements recorded over past years a leader in various disciplines and communities.

I plan on addressing student worries which were not previously touched by past leaders.

I plan on making GSIS more attractive to the international community (especially Cameroon) through my own personal efforts.

Creating a social network for department members for social, intellectual and cultural exchange because this is the first time NGO department is having a place separate from IDC.

Lastly, to act as a liaison between the students of NGO and the authorities of the department and of GSIS. These include fulfilling the tasks of passing information from authorities to students and from students to authorities, organizing bi-monthly meetings for students and chairs.
