It is a pleasure for me to apply to be a student representative of the department of International Business in Ajou University. I will like to represent this department firstly because I enjoy the role of playing intermediary between parties in order to maximise positive outcomes. Secondly, it will be an honor for me to be able to apply some of the leadership skills I have learned so far and also amass much needed practical experience in dealing with individuals of high calibre. This experience will be very valuable to me given that I intend to be a top manager in future as well as a politician. I plan to work closely with the GSIS to improve communication and feedback mechanism with IB students. I also plan to contribute ideas on how the department could be improved. Furthermore I plan to help new students adapt and integrate well in Ajou University. When opportuned, I plan to help some department students academically as well as carry out all other responsibilities expected of me by the GSIS.
