

Student Representative Application

1. Name : **MOLONGA SIMON**
2. Semester : **SECOND SEMESTER**
3. Nationality : **CAMEROON**
4. Department : **INTERNATIONAL TRADE (IT)**
5. Motivation and plan,

Sir/Madam,

I have the honor to apply for the post of student representative in your prestigious institution, the graduate school of international studies. I am an IT student, second semester going into my third semester.

My interest to apply for the above mentioned post stems from the fact that, I have the willingness to lead and to bring to hearing the plea or worries of students to the hierarchies and witness how other representatives ruled, that motivates me the most. Before now I have held quite a number of posts of responsibilities at my secondary and undergraduate level of education and in the employment milieu as discipline master and head of science department when I was working as a high school teaching in Cameroon.

Secondly, I believe in addressing issues of general interest rather than for selfish purposes. Meaning, ensuring vital asset facilitating our studies are kept intact. I am ready and willing to promote proper and good hygienic standard in the PC Lab, ensuring proper functioning of the computers, no abandoning of papers, tins, bottles after usage in the PC Lab and classrooms.

I will work in collaboration with the authorities that be, to ensure students are treated the way they ought to be treated. Create awareness in which students can have access to current happenings on campus on a daily bases.

Help the administration reduce examination malpractices, especially with this smart world.

More at the center of all organize meetings and bring mostly IT students to attend and even take part in extracurricular activities like symposiums, conferences, welcome parties, group pictures and many others. These and more will be discovered.

A vote for me is a vote for change, confident, reliability and results.

Yours sincerely,

MOLONGA SIMON
